

CALL FOR PROPOSALS -

NoD has the desire to promote young artists and designers, so twice a year, NoD will publish & promote furnitures and objects resulting from open calls. The winning proposal will be made and edited by NoD, and presented at an exhibition in April 2015. Please read the general information carefully. If you have questions, contact us by email at info@nod-design.com

APPLICATION -

The call for application is open until the 30th February 2015 inclusive. All entries must be made by sending a duly completed application form and the informations requested by mail or post. Incomplete applications will not be processed. The call for proposal is open to all nationalities, all backgrounds and in all mediums. Candidates may not exceed 35.

The theme of the first open call is: **THE CHAIR**

There is no limit of interpretation, we simply wish singular and conceptual pieces experimenting at the boundary between art and design. All materials are accepted, however, noted that NoD is specialized in metal, resin & wood. Also we value and appreciate the recycling and re-use of materials. The piece presented should be creative but also be functional, which does not prevent to diverge from its primary function. Do not forget one of the fundamental laws in design : 'Less is More'!

The winning proposal will be created and edited by NoDs studio and all the cost covered by NoD, either as unique piece or a limited edition. Then the piece will be presented during an exhibition in Paris in 2015, and be promoted on NoDs website: www.nod-design.com.

The registration fee is 15 €, payable via paypal to info@nod-design.com, by check to NoD or cash. It is possible to send your file by PDF or as a hardcopy by post. Whatever the type of delivery is chosen, your file must contain:
